<sup>1</sup>Certain interest-bearing accounts (e.g., CDs) and treasury securities (e.g., I Bonds and EE Bonds) may be subject to an interest-forfeiture penalty (not a tax penalty) if withdrawn early.

<sup>2</sup>Except for basis attributable to conversion principal withdrawn within five years.

<sup>3</sup>Depending on the circumstances and the type of account you are pulling from, certain early withdrawals may be exempt from additional penalties.

<sup>4</sup>Annuities are generally taxed on a LIFO basis. However, some annuities are taxed on a pro-rata basis via annuitization.

<sup>5</sup>If the policy is a MEC, it is taxed on a LIFO basis. Policy loans from a MEC are fully taxable (but increase basis), and distributions/loans taken prior to age 59.5 are subject to a 10% penalty.

<sup>6</sup>Unless derived from a trade or business.
